Grasshopper Movement

Get Ready

1

Choose a new sprite.

Try This Code

2

```
when green flag clicked
  forever loop
    repeat 10 times
      move pick random 1 to 5 steps
      point in direction pick random 1 to 360
```

This script says to move 10 times in one direction, and then choose a different random direction.

Do It

3

Click the green flag to start your script.

Make A Card

1. Fold card in half
2. Put glue on back.
3. Cut along thin line.

Make Two Cards

1. Print on card-stock or heavy paper
2. Print again on back side. Center-line should line-up.
3. Cut along thin line to get two activity cards.
