

Throw A Ball

Press a key to throw the ball.

Scratch Activity cards from Stratolab
www.stratolab.com

Make A Card

1. Fold card in half
2. Put glue on back.
3. Cut along thin line.

Make Two Cards

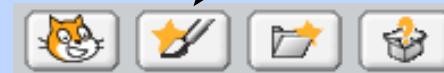

1. Print on card-stock or heavy paper
2. Print again on back side. Center-line should line-up.
3. Cut along thin line to get two activity cards.

Throw A Ball

Get Ready

1

Make a new sprite, and draw a ball.

Try This Code

2

```
when space key pressed
  go to Player
  change y by 40
  show
  repeat 100
    move 10 steps
    if touching edge ?
      hide
      stop script
```

Quickly move the ball to where the player is.

This is the name of the player's sprite.

Slowly move the ball until it touches the edge.

3

Do It

Press the Space bar to see if your ball works.
